

All run down, easily tired, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's Sarsaparilla. It contains no alcohol, no stimulation, and is a blood purifier, a nerve tonic, a strong alterative, an aid to digestion. Ask your doctor about Ayer's non-alcoholic Sarsaparilla as a strong tonic for the weak.

For nearly an hour yesterday the aged father and mother and other relatives of Benito Galmendez were in consultation with Judge W. J. Robinson of the circuit court seeking, it is said, to have the case against the convict reopened, alleging that he had been misled into pleading gullty to the murder of Private Bostic and further that he had not been properly defended.

The father of Galmendez further exhibited a long subscription list, signed by Porto Ricans and others who are said to have contributed toward a fund ised in the defense of the accused mur-leter. This list shows a total of \$180

asc. The Territory pays \$100 for this for I could see his light-colored service and the law specifies that the bosiery. Judge of the Circuit Court of the Third attorney shall not receive money from any other source for conducting the de fense.

Straus Denies Getting Fee.

Though no penalty is fixed for a violation of this provision, it is said that such action lays the offender liable to disbarment proceedings. Straus, when seen yesterday, said that he had received no fees from outside sources for the defense of Galmendez, though he had used some money for legitimate expenses in connection with the defense. He emphatically denied that he had received anywhere near as much as \$180 from these sources and said he had no knowledge of any subscription list being circulated to secure a defense fund for the accused murderer.

said Minvielle. 'Galmendez was told that if arrangenents could be made to have him plead guilty to manslaughter the penalty would probably be between three and five years. Galmendez refused to agree to this and the case came to trial. At this time there was no such hope held out. He was told the conditions by Attorney Straus...

"He also was plainly told that in the event that he was allowed to plead guilty to murder in the second degree the penalty would be not less than twenty years, and with this understanding he went into court and changed his plea to guilty. Though Galmendez may not be able to express himself in English, he understands that language and not deceived at any stage of the

Investigating Story.

It is understood that Judge Robinson is now investigating the story told by the Galmendez family. Upon the result of this will probably depend whether or not the case will be reopened, the sen-tence set aside and the accused man sgain brought to trial.

The parents of Galmendez insist that their son is confident of being able to establish his innocence if the case is again opened, or at least that he will not receive a heavier sentences than

In the event that it can be established that birous has received from outside sources a few for defending the prisoner, it is said that probably all that wash follow would be the stapping of the \$100 fee allowed him by the Territory. Sale Closed, Says Clerk.

"I was present at the sale today," said Walter A. Engle, chief clerk under Tucker. "It was conducted according to law. Commissioner Tucker had closed the public sale of the Makiki Heights and Makiki Round Top lots yesterday afternoon. Statements were present for the purpose of bidding on mon and is well within the law. Ev-

"but I did say," said the land commissioner last night, "was uttered during the progress of the sale. 'The lots which are not sold at this sale will again be offered at auction next Monday' were my words. The crowd had not dispersed when I put up the unsold lots the second time; there were not as many present as at the start some were then leaving the Capitol. That was not my fault. You can say that the sale had not been ordered been ordered closed by me and that everyone had ample opportunity to bid on all the property offered.

Lively Bidding on Some,

The sale of eleven of the seventeen Makiki lots brought a total of \$27,616. The upset price of these had been fixed at \$20,475.

The six Makiki Heights lots had a
